**“Pipsi” A Bottle full of hope : Release on July 27, 2018**

-Producer Vidhi Kasliwal to release this movie

A sneak peek into a tale filled with innocent childhood, positivity & hope. *Pipsi* is a Marathi Film with English subtitles scheduled to release on 27<sup>th</sup> July 2018. The movie is set in drought-stricken Maharashtra featuring Sahil Joshi and Maithili Patwardhan.

Directed by Rohan Deshpande, written by Saurabh Bhave and produced by Vidhi Kasliwal, the Marathi-language *Pipsi* deals with grave matters related to life and death, myth and reality and fact and fiction and leaves it to two incredibly determined eight-year-olds to make sense of them. The two children performed brilliantly to give the movie their all. *Pipsi* has been screened at the Mumbai Film Festival (MAMI) October 12-18 in the children’s cinema section Half Ticket.

The movie is an impactful story about two 8 year olds- Chaani and Balu who live in a drought-stricken village in Maharashtra. The two of them find enough joy in their simple lives. Eventually, the difficulties they face in their everyday life bring in them the sense of life, death and disease as they try to save their precious fish ‘Pipsi’ (the name of a local cola drink) believing its fate to be tied to Chaani’s ailing mother. Just as the Pipsi drink stands for hopes and aspirations of the villagers, so is Pipsi the fish for Chaani. In the backdrop of one of India’s biggest environmental hazards, the challenges, hardships and yet, the child-like innocence the two kids exuberate will resonate with the viewer.

A Landmarc Films Production & Presentation *Pipsi* is out with its trailer and will be releasing on 27<sup>th</sup> July 2018. ‘Pipsi’ comes from a bittersweet place, but brings with it a bottle full of hope!
